

DD/R-787-43

22 May 1963

MEMORANDUM FOR: Director of Personnel

ATTENTION: Chief, Personnel Recruitment Division

SUBJECT: "The 100 Universities Program"

1. In response to your request for suggested candidates to participate in the subject program, the following representatives from the DD/R will be glad to participate if and as desired:

a. Mr. George C. Miller, GS-17
Assistant Director for ELINT

OR

25X1A

[redacted] Jr., GS-16
Deputy Assistant Director for ELINT

(It is preferred that only one of the two
above officers be away at any one time.)

b. Mr. James A. Cunningham, Jr., GS-17
Deputy Assistant Director for Special Activities

c. Mr. John Parangesky, GS-16
Deputy for Technology, Office of Special Activities

25X1A

d. [redacted] GS-15
Chief, Staff, Office of ELINT

25X1A

e. [redacted] GS-15
Chief, Operations Division, Office of ELINT

25X1A

f. [redacted] GS-15
Executive Assistant, DD/R

Subject: 100 Universities 2

2. While the above suggested officers would of course visit any areas requested, some preferences based on personal familiarity have been suggested by several. [redacted] would prefer the Illinois region under Team 11 and [redacted] would prefer Teams 16, 19 or 1 in that order. I would probably be more effective in South Carolina due to considerable personal familiarity with people and things in that state.

3. Unfortunately the DD/R cannot suggest a larger slate at this time in view of the fact that a considerable number of our most senior positions are manned by military detailees and other senior positions have not yet been filled. Still others who might otherwise be appropriate have had too limited experience and have been too recently brought into the Agency and still others cannot participate because of cover problems.
